

Buffalo Grove Environmental Action TEAM

Meeting minutes, June 24, 2010

Thanks to the Team for a great turnout at the BG Farmers Market. The Farmer's Market was a great success! We met with the community to discuss our activities and recruit new members. Thanks to Jill stites for the recycling exhibits - YES and NO mobiles and bozo buckets. Deenie Pomillia, our new Membership Chair will follow up on the potential new members. Also thanks to Dan Schimmel for purchasing the new EAT tent, which we will put to good use at BG Days and other events.

June 24 meeting notes

We continued planning for the Farmers Market and a greener BG Days. For BG Days, Debi will check with Susan about a booth space in the business area and track down who is in charge of bike racks to see if we can get them located alongside our booth. For recycling, we will continue discussions to see if we can get bins and a dumpster that can be dedicated to recycle-ables and arrange pickup by the vendor.

July 29 meeting agenda - 7 pm at Alcott

Membership - Deenie

BG Days planning - Debi and Susan

Update on Buffalo Creek Nature Preserve/watershed management meeting follow up - Jeff

Update on Habitat Days - Jeff and Sarah
